The Greek Island of Santorini

Emerging from the blue waters of the Aegean is **Santorini**, one of the most spectacular landscapes in the world. The traditional villages are vaulted in the cliffs and offer breathtaking views over the submerged volcano. White Cycladic houses with blue painted windows fighting against black volcanic rocks rising from the sea, is a spectacle that will inspire more than an artist...

The island offers European elegance, culture, ancient sites (ruins), wineries, museums, architecture, excellent food, shopping, impressive beaches (black & red sand) & nightlife. Savour the exceptional beauty, fascinating history and sensational sunsets of Santorini!

The Journey

Your journey will be inspired by morning yoga overlooking the sensational Caldera. Breakfast follows yoga leading the way to your time of exploration & relaxation.

Participants will stay at the beautiful Blue Kafieris Studios . It offers all modern conveniences while preserving the traditional island style. Situated on the cliff in the quiet village of Firostefani, our home is a short walk along the breathtaking path to Fira town, the capital of Santorini. Each room is equipped with a/c, kitchenette, wifi, hair dryer, safety deposit box.

Weather: Santorini is one of the southern most islands in Greece. The weather in June is ideal. Temperatures reach highs of +26C during the day with overnight lows of +20C.

Transportation to Santorini is the responsibility of the participant. Use air miles; see more of Greece or Europe on route; build YOUR dream holiday around our time in Santorini! There are several daily flights from/to Athens as well as a ferry. If flying direct to the island, you must leave Canada on the 20th of May in order to arrive for the 21st.
